- I will frighten them with my terrible laugh: I know it is so horrible that everyone is scared to death by it! - he decides.

So the following night he comes out of his room laughing in a terrifying way. Nobody seems to take any notice of him. Mr Otis is snoring, the twins are laughing in their room and no sound comes from the other rooms.

At last a door opens and Mrs Otis comes out holding a bottle.
- You have got a terrible cough, my dear -she says to the ghost. - Take this syrup and go to bed. Tomorrow you will feel much better.

Now the ghost is really angry.

- These stupid Americans are driving me crazy! But I will not surrender so easily! - he cries.

He looks into his wardrobe in search for a frightening disguise: finally he decides to wear a dirty sheet and an old hat.

Then he goes to the twins' room and opens the door.

A bucket of cold water crashes down on his head. The poor ghost, soaked to the skin, goes back to his room.
